Commissioner Sanchez: "Before we proceed with item #4, let the record show that the Police Commission met in Executive Session at 1630 hours regarding Attorney-Client matters and no vote was taken."

POLICE COMMISSION REPORT

Commissioner Sanchez: "Are there any items from the Commission at this point pertaining to either the Department or the Commission? If not, let's proceed on."

CHIEF'S REPORT TO THE POLICE COMMISSION

Chief Murphy: "I have no report but I will respond to any questions you may have."

Commissioner Sanchez: "Yes, there was a very good article in the paper which listed a situation, I think, a few days ago. Maybe you were not here, I don't remember, pertaining to a South of Market incident where a number of our academy trainees came as backup and there was one of our young officers fresh on the street with one of our senior officers and they made a fantastic effort as far as the roundup of a couple of the people who possessed sawed-off shotguns, or whatever the incident. I just wondered if, perhaps, anybody could comment briefly on that incident. Perhaps Deputy Chief Shannon or Deputy Chief Cordes, do you have any information on that, because I believe that was part of the academy class in training that served as backup. I have had numerous comments from various people on it and I didn't take the time to check and I thought this would be the proper place to get some information on it."

Deputy Chief Shannon: "That was last Friday, at approximately 5:15 or 5:30 in the evening. The 134th recruit class which is still in the academy was on an exercise directing traffic and they were covering crossings normally uncovered in the South of Market area on Mission Street and on Market Street. One of the officers was assigned at 6th and Mission Streets. A robbery occurred in a Filipino senior citizen club. There were 5 or 6 suspects. One of the victims was able to get out without the suspects knowing it and he went down to the corner, saw the police officer and, of course, didn't know he was a recruit, told the officer what was happening, the officer equipped with a PIC radio called in the information concerning the robbery and the first car to arrive was a car from the Central District with a Field Training Officer and a recruit that had been out of the academy for four weeks. The Field Training Officer went to the rear of the establishment and he placed the two recruits at the front of the establishment. He was the first one involved in the shooting. He saw the suspects. Then when the suspects saw him and they were involved in the shooting they started to come out the front door, (I'm missing a lot, I am just kind of giving you a brief outline), the two recruits met them and very calmly told the suspects to drop their weapons and that they were under arrest. I think there were four of them that they stopped and three of them that they were actually able to place into custody. The fourth was eventually caught, a sergeant from the Academy was also involved in it in the beginning because he was in the area taking command and coordinating it. This will all be coming up in one of your Meritorious ceremonies, but that is very, very briefly what went on at that time."

Commissioner Sanchez: "But a very significant impact as far as our recruits, or whatever, in the Press, and the Media, and the city."

Deputy Chief Shannon: "We were quite happy with the recruits in that they handled themselves in the proper manner and didn't get excited, they did a good job."

Commissioner Sanchez: "Very good, thank you very much."

Commissioner Nelder: "Mr. President, before you leave that subject matter, I wonder if I could enquire from the Chief? The ambulance crew that participated in the capture of one of the escapees on Freelon Street, which is just a short ways up the street from the Hall here, are they in line for any recognition from the Department Chief? They are Specials aren't they? Don't we still swear them in as Specials?"

Chief Murphy: "Yes they are. They may be in line for recognition, I don't think they would be entitled to the financial award but they could appear. As I recall we would have to research it, your secretary could look into that, we have done Firemen in the past, so there is no reason why we couldn't include the ambulance crew, but we would not give them the money for the recognition."

Commissioner Sanchez: "Well, we will see if it is possible to have a Police Commission Commendation for the two ambulance units involved in the capture of people who escaped from the prison here. I would just like to throw this out too, it has been brought up before, I think the Awards Committee has given awards I think once, to I don't know if it was a Muni Police Security or to a Housing Police Security, I don't recall exactly, but it was within the last couple of years. I know that the hospital police give their own awards and I assume that the others give their own awards also. I think at some point we talked about uniformity, especially, if indeed, it was a team effort both with our Department and the other Departments, and I guess the Sheriff's Department also give their awards, or whatever they give on that, but perhaps we could also have some sort of update of that to insure that we do have a process which might be shared with others if they do, in fact, meet certain criteria, whatever that criteria is. So that could be referred to the Lieutenant's Office and we could follow up on it there."

Chief Murphy: "You are not talking about the monetary award?"

Commissioner Sanchez: "No. Just about the letter or whatever on that. Also there was a brief article pertaining to the number of instances for the Emergency Units as far as the Medical Units going and the number of difficulties they are having. I would like to request that perhaps the Staff and Lieutenant get for the Commission a report pertaining to the number of instances which has transpired in the delivery of health care for emergency situations. Again the hospital has security officers, we have x number of other people assigned, perhaps there is some way where somebody could ride shotgun, or whatever you want to call it, if indeed, there are certain areas where this does happen more often than not, but if it happens once, it really happens once too many times, and it has happened a couple of times already, and I think that some of the ambulance drivers and para-medics are very concerned pretty much about the delivery of emergency services here in the city and, hopefully, we could take one step ahead of everybody and begin to take a look at the data and come back with a recommendation, or with review for the Commimssion through the Chief."

Chief Murphy: "I don't think there is any data to look at. We don't record any of that. I think what we could do is communicate with them in person, or in writing, and suggest to them clearly that if they are working in an area where there is a likelihood of some physical confrontation to request a backup and we would be happy to do that."

Commissioner Sanchez: "Fine, okay. Any further questions or comments on that? If not, then we will move on to item number 6."

REQUEST OF CAPTAIN GEORGE G. ROSKO, POLICE OFFICERS VERNON WARE AND MICHAEL MAHONEY, FOR PERMISSION TO ACCEPT A CHECK IN THE AMOUNT OF \$99.29 EACH WHICH WILL BE DONATED TO THE STATION FLORAL AND COFFEE FUNDS, FOR THEIR PARTICIPATION IN A DOCUMENTARY EDUCATIONAL PROGRAM PRODUCED AT SOUTHEAST POLICE STATION BY TELEVISION STATION KQED.

Commissioner Nelder: "I guess the only question in regards to that would be how did they settle on the \$99.29?"

Officer Vernon Ware: "I am Officer Ware."

Commissioner Sanchez: "Yes sir. Officer Ware?"

Deputy Chief Cordes: "The question was how did they determine to donate \$99.29?"

Officer Vernon Ware: "It was \$126.50, they held out tax."

Chief Murphy: "Could you fill us in on the documentary, tell us what it was all about?"

Officer Vernon Ware: "It was about a family growing up in San Francisco and this was a segment where a juvenile was arrested and they used Southeast Police Station for the release on a diversion program and we were, the three of us, were just a walk-on. And we were advised to assist KQED from the Field Operations Bureau, to assist them in setting up their operation and we did about 15 minutes work and we requested, because we do have a floral fund that is almost empty and we also have a coffee room in the police station for all three watches, to donate the money to them but they sent the checks to us instead."

The matter was then unanimously approved.

PERMISSION TO ACCEPT A REWARD - APPROVED

The request of Captain George G. Rosko, Police Officers Vernon Ware and Michael Mahoney, Southeast Police Station, for permission to accept a check in the amount of \$99.29 each, which will be donated to the Station floral and coffee funds, for their participation in a documentary educational program produced at Southeast Police Station by Television Station KQED, be, and the same is hereby approved.

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE POLICE COMMISSION APPROVE AN AGREEMENT FOR PRISONER TRANSPORTATION ENTERED INTO BY THE CITY AND COUNTY OF SAN FRANCISCO WITH WILLIAM L. MAIN, INC., DOING BUSINESS AS SECURITY TRANSPORT.

Deputy Chief Cordes: "Commissioners, back on February 20th this item came before you and you

said it is a good idea and thought it was something that we should look into and there were a few more questions you wanted answered and the questions were to wit: 1) if a prisoner escapes who is responsible? Security Transport is responsible. The second task was to get correspondence with comments from people who have used the service. The following agencies favorably, Alameda Police, Monterey Sheriff's, Redding Police, Richmond Police, Riverside Sheriff's, Sacramento Police, the San Diego Sheriff's, San Luis Obispo Sheriff's, Sonoma Sheriff's and some others. The third task was to learn that since security transport did, in fact, lose a prisoner, what, in fact, have they done since that time to insure security. And what they have done is they have found out how the prisoner did escape. He picked a lock on the leg irons and they have now revised their procedures so that now the man is actually handcuffed to his waist chosen with the links being on opposite sides, there is no way you can pick the locks anymore with the hands being separated. The entire package has gone through the City Attorney and through our risk manager in the city, it has all been approved and now awaits your signature and then some final items that the signatures will take care of, if there are any further questions we do have two representatives here from the company here with us if the Commission would like to ask any questions."

The matter was then approved.

RESOLUTION NO.225-80

APPROVING AN AGREEMENT FOR PRISONER TRANSPORTATION ENTERED INTO BY THE CITY AND COUNTY OF SAN FRANCISCO WITH WILLIAM L. MAIN, INC., DOING BUSINESS AS SECURITY TRANSPORT.

RESOLVED, that the Police Commission approves an agreement for prisoner transportation entered into by the City and County of San Francisco with William L. Main, Inc., doing business as Security Transport.

PRESENTATION OF MEDALS OF VALOR AWARDS AND CERTIFICATES

Commissioner Sanchez: "Okay, we are now on item #2, which is the presentation of Medal of Valor Awards and Certificates. I had the honor of Chairing the Awards Committee in which the men and women of the Department were given the awards which will be presented shortly.

This is, as many of you know, National Police Week, May 12th through 16th. All over the nation, cities, counties, towns are taking time out to thank their men and women who play a very key role in law enforcement and, unfortunately, there are too many times when men and women are never thanked during their normal rotation in law enforcement until years after, or when a serious injury or, God forbid, a death, such as the case sometimes a little too late as far as the personal response, and especially regarding a law enforcement agency such as ours. But let me just say that on behalf of the San Francisco Police Commission we are very, very thankful to you and your families for serving San Franciscans in the highest traditions and the highest commitment to service of people. This Awards Committee, as others, has distinguished itself beyond and above because of the caliber and quality of service our men and women perform in San Francisco daily. We have stated this in different ways. But many, many cities throughout the nation are asking for Police Review Boards or filing litigation against weapons being discharged, etcetera, etcetera. In San Francisco we don't have that. We have a tradition of excellence, perseverance and commitment to people. And let me tell you as my colleagues will share that case after case that has been brought before this Commission, and the Awards Committee, in most of the incidents the men and women in the Department had every right, legally, and under the Rules and Procedures of our own Police Academy and Committees to Fire Weapons, but they didn't and thank God they

are here today to get their awards and to receive a congratulatory note of a job well done."

POLICE COMMISSION REPORT

Commissioner Nelder: "Mr. President, fellow members, Chief Murphy and Deputy Chief Shannon, yesterday was the 57th annual review of the San Francisco School Traffic Safety Control and it was well attended, and it was just an outstanding performance by the youngsters doing this task in and about all schools throughout San Francisco and the Chief and I were both there. The Mayor couldn't be there so I represented the Mayor and complimented the participants, because, as in the past, they did an outstanding job this year as they have done for the past 57 years. The outstanding thing about their work is that there hasn't been a fatality or a serious injury on any of the crossings that are covered by the youngsters throughout San Francisco and as I mentioned to the group yesterday the seriousness of their work is reflected in the fact that here is over 50,000 lives lost in the United States by virtue of Traffic Accidents, to say nothing of the personal injury and property damage accidents and their worth which compliments and supplements the police efforts is really appreciated by all San Franciscans and it was just an outstanding day. The only bad thing was the weather, it was a little nippy out there. Lieutenant Frazier was there and I was going to put in a Meritorious request for him, but the Chief said well not right now, so we are not going to do that, but really it was a great day and my grandkids go to the school that won first place and I had nothing to do with it, but I think it was just a great thing and I have been attending those for a great number of years. It is really a great day for the youngsters to get together and be appreciated, they do an outstanding job."

Commissioner Sanchez: "Fine, thank you very much Commissioner Nelder. Are there other comments pertaining to Police Commission reports? I would just like to throw out a footnote to that. This morning about 6:30, a KSFO spokesman was talking about the School Safety Meeting and about how, quote: 'Chief Con Murphy, if perhaps somebody were a crook in San Francisco the minute they saw Chief Murphy, he is the spitting image of Dick Tracy in uniform with the brass shined and everybody would just run out of town.' And he was piping this over KSFO and you (Chief) are really developing a positive image."

Commissioner Murphy: "I think one of the most outstanding things about that is the spirit that all the kids out there have, and not only those participating in the program, but the spectators

in the audience from the different schools who came to observe them."

Commissioner Murphy on another subject mentioned a newspaper report about a robbery which was foiled by police giving special recognition to rookie police officer George Carrington, a member of the Department's 133rd recruit class, who was on his first day of uniform patrol. She was advised that an application on his behalf for a Meritorious Award has been submitted for consideration.

Commissioner Murphy then related to the Commission that the Eureka Valley Neighborhood Council had appeared before the Fire, Police and Safety Committee of the Board of Supervisors and suggested the Castro Street Fair be moved to Market Street between the Tunnel and possibly Duboce.

Chief Murphy said he had not seen a request for a street closure for that area come through as yet but looking at the total traffic picture he did not see as to how it could be considered. He said if it did go to the full Board the Department would oppose it.

The Commissioner then continued by stating that she had received a letter suggesting that she meet with the Neighborhood Legal Assistant Foundation's Committee on Battered Women.

Chief Murphy then stated that the Commissioner, before she attends, should have a definite briefing from Chief Shannon as to how the Department arrived at where it is now on the subject.

CHIEF'S REPORT TO THE POLICE COMMISSION

Deputy Chief Shannon and Sergeant Wilson gave the Commission a written and verbal update of the Department's Budget Request for Fiscal 80/81. Deputy Chief Shannon stated that what has happened since the last presentation to the Commission is that the Mayor's Office have given certain instructions which changed it from the request originally submitted and approved by the Commission. He said the Department is now close to the point of submitting a budget that the Mayor will be presenting to the Board of Supervisors on June 2.

Commissioner Sanchez then stated that the Commission appreciated the staffs many hours of endeavor in preparing this budget.

Commissioner Toler chaired the Awards Committee Meeting of Friday, May 9, 1980 and stated that he was proud that he was a part of this Commission and Department as he reflected back on the restraint used by the Department's Officers who could have very easily fired their weapons when making serious felony arrest but chose not to do so. PETITION FROM TEN MEMBERS OF THE SAN FRANCISCO
POLICE DEPARTMENT REQUESTING RECOGNITION OF THE
POLICE PISTOL TEAM BY THE POLICE COMMISSION.
(CONTINUED FROM THE MEETING OF MARCH 12, 1980)

Chief Murphy stated that he had received information that the members of the team are requesting this item be placed off calendar for various reasons of their own. He further stated that at this time he was not prepared to make a recommendation on the teams original petition given the existing fiscal constraints currently facing the City and the Department in not knowing exactly where we will stand come July 1, 1980.

He requested the matter be put off calendar for 90 days.

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE
POLICE COMMISSION APPROVE THE REQUEST THAT THE
SMITH & WESSON MODEL 66, .357 MAGNUM CALIBER RE-
VOLVER BE ADOPTED AS AN APPROVED HANDGUN FOR DE-
PARTMENT USE.

Sergeant Victor Wode, the Department's Range Master, stated to the Commission that the Model 66 weapon is a stainless stell model. He said because members assigned to Solo/Motorcycle details, Mounted and Honda patrols are constantly exposed to the salt air, thereby even with the best of care their guns have begun to rust. He said it cost \$25.00 to re-blue each weapon. He said if the department obtained the stainless stell model and it is properly cared for they should last 3 to 4 generations. He said the difference in the purchase price would

only be 3.00 dollars per weapon. He said the Department has 621 surplus guns and if the stainless steel model is adopted the Department plans to trade those weapons for the new model.

The Commissioners, after further discussion, adopted the new weapon for Department use.

RESOLUTION NO. 234-80

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE SMITH & WESSON MODEL 66, .357 MAGNUM CALIBER REVOLVER BE ADOPTED AS AN OFFICIAL HANDGUN FOR DEPARTMENT USE. - APPROVED

RESOLVED, that the Police Commission hereby approves the request that the Smith & Wesson, Model 66, .357 Magnum caliber revolver be adopted as an approved handgun for Department use.

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE POLICE COMMISSION APPROVE THAT THE NAME OF THE CRIME SPECIFIC TASK FORCE BE CHANGED TO "TACTICAL DIVISION." (COPIES SENT TO EMPLOYEE ORGANIZATIONS)

Chief Murphy stated that he had conferred with the Employee Associations on this item and that there has been no objection to this name change. He recommended that it be adopted by the Commission at this particular time.

Commissioner Sanchez stated that the matter should be continued until at such time the public is notified of the proposal and input from the community received.

Commissioner Murphy stated that while it may not be a requirement to have a Public Hearing on the subject, it does have a lot of connotations for some persons who may be reminded of the San Francisco State University problems some time ago. She said she felt the name change, as far as she was concerned, was acceptable, but to go back to a name that has unpleasant connotations for people outside of the Department was something that should be advertised for public input.

Commissioner Nelder stated that he believed the current name of Crime Specific Task Force is misleading and intended to lead people to believe that the Department does not have a Tactical Force, and the truth of the matter is that every Metropolitan City in the country has a special unit that does that kind of work. He said if it is the Department's wish to call it the Tactical Division then it should be called the Tactical Division.

Commissioner Murphy then made a motion to adopt the name change as recommended by the Chief.

The matter was then approved. Commissioners Nelder, Toler, Daly, Murphy, Ayes. Commissioner Sanchez abstained.

RESOLUTION NO. 235-80

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE NAME OF THE CRIME SPECIFIC TASK FORCE BE CHANGED TO TACTICAL DIVISION - APPROVED

RESOLVED, that in accordance with the recommendation of Cornelius P. Murphy, Chief of Police, that the name of the Crime Specific Task Force be changed to Tactical Division, be, and the same is hereby approved.

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE POLICE COMMISSION ADOPT A RESOLUTION ESTABLISHING FOR 1980 A FEE OF \$3.00 FOR EACH METALLIC TAXICAB MEDALLION ISSUED BY THE SAN FRANCISCO POLICE DEPARTMENT TO EVERY TAXICAB PERMIT HOLDER.

Officer Farrell Suslow of the Permit Bureau appeared and spoke to this item. He said the purpose of this resolution would be to recover Departmental cost for yearly reproduction of this item.

At this time Commissioner Daly spoke of all the pirate cabs currently operating and inquired as

to what could be done to eliminate them.

Commissioner Murphy asked the Chief to see if there was a possibility of eliminating this problem.

It was then approved.

RESOLUTION NO. 236-80

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE POLICE COMMISSION ADOPT A RESOLUTION ESTABLISHING FOR 1980 A FEE OF \$3.00 FOR EACH METALLIC TAXICAB MEDALLION ISSUED BY THE SAN FRANCISCO POLICE DEPARTMENT TO EVERY TAXICAB PERMIT HOLDER. - APPROVED

WHEREAS, the Police Department has submitted a metallic taxicab medallion cost analysis indicating the cost of production and issuance of the metallic taxicab medallions; therefore be it

RESOLVED, that the Police Commission hereby establishes for 1980 a fee of \$3.00 for each metallic taxicab medallion issued by the San Francisco Police Department to every taxicab permit holder; and be it further

The Commission then thanked Mr. Heavey for his presentation.

REQUEST FOR A SUPPLEMENTAL APPROPRIATION FOR
THE FUNDING OF THE OFFICERS FOR JUSTICE SCHOLAR-
SHIP FUND.

Deputy Chief Shannon stated that in March 1979 when the Consent Decree was signed an appropriation was passed through the Board of Supervisors setting up a Scholarship Fund of 125,000 dollars to be used by officers coming from a disadvantaged background in educational courses related to police work. He said the amount of monies to be spent on each person would be a maximum of \$250.00 per calendar year and would be administered by the Auditor-Monitor of the Consent Decree. He said at the time this appropriation was passed the enabling legislation was not passed to set up the funding. He said this is presented today to set up that particular funding.

The matter was then approved.

RESOLUTION NO. 233-80

REQUEST FOR A SUPPLEMENTAL APPROPRIATION FOR
THE FUNDING OF THE OFFICERS FOR JUSTICE SCHOLAR-
SHIP FUND.

RESOLVED, that the Police Commission hereby approves the request for a Supplemental Appropriation to transfer \$125,000 from the Uniformed Officers Retirement Account (DP 38 - DV 00 - SC 00 - Fund 01001 - Index 355016 - S.O. 0602) to the Auditor-Monitor (DP 25 - DV 01 - SC 00 - Fund 01500 - Index 325597 - S.O. 2010-40301) for administration of the Officers for Justice Scholarship Fund.

APPROVAL OF CONSENT CALENDAR

Sergeant Newlin stated that the only individuals to speak before the Commission tonight are on the held over matter on Joe's Medium Rare on Clement Street. He said that the Department will stand on it's original recommendation to grant the zone as requested and approved by the Commission earlier.

The applicant and his attorney, Mr. Jeremiah O'Shea, appeared and stated that negotiations are being made regarding valet parking at his client's place of business but because of police problems with the parking lots the earliest times that anything would be effective would be approximately 6 months from now. He said if there is going to be continuing opposition that he did have petitions signed by 75 patrons requesting that the white zone remain intact.

Commissioner Nelder then moved that the Commission's original approval of 44' of white zone for Joe's Medium Rare be rescinded and that 22' be granted with the order that the item be reconsidered after six (6) months when valet parking has been acquired and that during that time the meter maids and other police personnel pay close attention to that zone to see that it is not violated by illegal parkers in that area.

This action was then approved.

POLICE COMMISSION REPORT

Commissioner Sanchez stated that Chief Murphy and the Department held a very outstanding family day for members of the Department at the Police Range this past Saturday. He said it was very educational, creational and inspiring. He said he wished to congratulate the Chief and the Department for hosting and doing an outstanding job and hoped that this affair becomes a tradition within the San Francisco Police Department.

The Chief stated that at this time he wanted to thank the employee organizations who financially supported the Police Picnic and for the help and support given by the Commission and all of the members of the Department for all of last week which was National Police Week.

CHIEF'S REPORT TO THE POLICE COMMISSION

Chief Murphy said his report was that as given above.

PETITION FROM MEMBERS OF SOUTHEAST POLICE STATION
REQUESTING THAT THE NAME OF SOUTHEAST POLICE STATION

BE DELETED, AND THAT THE STATION BE RE-NAMED
"POTRERO POLICE STATION." (CONTINUED FROM
THE MEETING OF APRIL 16, 1980)

Officer Schmidt stated that he had been asked by members of the Southeast Station to present this petition to the Commission. He presented to the Commission written documentation as to how this issue developed. Included in this material he stated are 30 letters sent to community groups which he had identified throughout the community. In addition to those, two letters, which also had gone out to District Supervisors Doris Ward and Don Horanzy soliciting their feelings and viewpoints on the proposed name change. He said a letter in the packet from Supervisor Doris Ward indicated that she is opposed to the name change stating that the current name of Southeast Station represents the total communities that are encompassed within the Southeast Police District. He said other responses from some of the community based organizations and a response also from Supervisor Don Horanzy was that their concern lay mainly with the type of service being provided by the station personnel and not in the name of the station.

After further discussion among themselves and receiving comments from the Chief who said he felt the name of Potrero Police Station would be returning to old traditional values and had no objection to it, two of the Commissioners objected because of the absence of an internal policy for naming police stations.

A vote was taken and it was 3 Commissioners for the name change to Potrero Police Station and 2 Commissioners voting no.

RESOLUTION NO. 245-80

NAME OF SOUTHEAST POLICE STATION CHANGED TO
POTRERO POLICE STATION

RESOLVED, that effective at 0800 hours, Sunday, June 1, 1980, the name of the Southeast Police Station is changed to Potrero Police Station.

AYES: Commissioners Nelder, Toler, Murphy

NAYS: Commissioners Daly, Sanchez

Commissioner Sanchez then asked Commissioners Daly and Nelder if they would consider taking a look at other law enforcement agencies as far as how they name their respective stations and report back to the full board in 90 days so that the Commission could then try and develop some sort of uniform policy pertaining to the naming of District Stations.

Commissioner Nelder stated that he would be more than happy to cooperate on that basis but he said that the Commission and the Chief are interested in establishing a Community Services Department in the not too distant future and part of the success of that unit would be predicated upon identifying themselves with a station. He said it is his belief that the educational factor would cost a great deal of money to try and turn around and re-name all of the city's different stations and then start educating a changing public to the whereabouts and locations of the stations. He said his feeling is that it would be more important to establish a Community Services Bureau and identify it with the stations as we know them today. He said the deterioration of the Community Relations Bureau in the past was after the re-naming of Potrero to Southeast Station. So, he stated, he hoped that it was a good omen and that the Department could move ahead in that regard but if the President wanted them to make this investigation then he would be more than happy to cooperate.

AMENDING PART III OF THE SAN FRANCISCO MUNICIPAL CODE BY AMENDING SECTIONS 22, 27 and 138, REPEALING SECTION 137, AND ADDING SECTION 138.1 AS THEY RELATE TO FEES CHARGED FOR PERMIT APPLICATIONS BY AND ANNUAL LICENSING OF SECONDHAND DEALERS.

Lieutenant Sid Paton of the Pawn shop Detail, appeared before the Commission on behalf of this amendment because he said they have found that there are some 1200 secondhand shops out there that are not being properly regulated. He said for the first four months of 1980 there has been 3 million, 118 thousand dollars worth of merchandise stolen.

He said this amendment would give the Chief

of Police more regulatory power over the shops.

Commissioner Murphy then made a motion to adopt the amendment.

POLICE COMMISSION REPORT

Commissioner Nelder stated that the Medal of Valor hearing which occurred last Friday had a number of outstanding cases. He stated they are on today's calendar for later approval. He said one thing that did occur was the absence of one of the applicants which in this instance was just one person. The time before that there were two. He said he felt it was unfair to those applicants that do show up to be heard. He said this matter was given to the Screening Committee to work out and discuss it with the Chief and then report back with a recommendation.

Commissioner Murphy stated that she had two items of interest she wished to share with her colleagues. She then mentioned that she noted an article in the San Francisco Police Officers' Association Newspaper regarding helping a friend. This, she said, brought to mind the question of the state of the Department's Alcohol Abuse Program.

In response, Chief Murphy stated that in regards to what the article spoke of in helping a friend is the replacement of Officer John Devine's program on a trial basis. He said it is an agree-

ment that he had worked out with some officers who are retired, members of the Association and members of the Department. He said this is a program now being tried in the Fire Department and has worked quite successfully.

He said the thought behind it is to try it with the clear understanding that the existing drinking policy is still in full force and effect and will be certainly acted on if any drinking problems come to the attention of the administration.

Commissioner Murphy then stated that she would like a report, an informal report, after a 6 month trial period. She then requested a status report on the officer who was seriously injured in a vehicle motorcycle accident.

Chief Murphy stated that the officer was currently in Penninsula Hospital in intensive care and is allowed no visitors except for immediate family members.

Commissioner Murphy then stated that Patricia Harris and Benjamin Hooks of the NAACP and both leaders in the Black Community, warned about the possibility of lack uprisings in many of the nations large cities.

She said it is very important that we keep abreast of this situation and move toward establishing and implementing a proposal for a Community Services Bureau to deal with any potential occurrences of this nature in this city.

Chief Murphy said this proposal would come before the Commission in mid-June with a target date for implementation of July 1, 1980.

He said in the meantime the Department still has some semblance of Community Relations existing at the District Station level on a monthly meeting basis and individual community contacts.

Commissioner Daly then stated that she felt that when a Community Relations program is undertaken that the Department would be very foolish to limit itself to minority communities that erupted during the 60's. She said there is an entirely different set of dynamics going on at this time and that every part of the city should be looked at from a standpoint of economics and not only for minorities but for persons in all walks of life.

CHIEF'S REPORT TO THE POLICE COMMISSION

The Chief had no report for tonight.

RECOMMENDATIONS OF THE AWARDS COMMITTEE

Commissioner Nelder stated that as he indicated earlier, that on Friday, there were a number of outstanding cases heard at this meeting. He said it was very enlightening and heartwarming to see the teamwork in most of these cases. He said in the case of one officer who received three awards for three different set of circumstances, has to be given a great deal of credit in these times when crime is rampant and is a serious problem throughout the entire country.

The recommendations were approved and a date for the presentations was set for the 18th of June.

PRESENTATION OF MEDAL OF VALOR AWARDS AND CERTIFICATES

Commissioner Murphy stated that one of the most rewarding task of being a Police Commissioner is the granting of awards to brave and valorous men and women of this Department. She said there are many who distinguish themselves and it is a great pleasure to preside over these ceremonies.

She said Commissioner Toler presided over the meeting wherein these particular officers were granted awards.

Commissioner Toler then stated that he was privileged once again to serve as chairperson of the Awards Committee that met on Friday, May 9, 1980. He said that each time he has served it has given him the feeling of having a new experience. When listening to the incidents

that police officers are involved in each day in providing professional police services for the citizens of the City and County of San Francisco.

He further stated that at this meeting 3 silver and 18 bronze medals and stars were awarded. These members receiving these awards he said went beyond the call of duty in carrying out their duties as police officers. He said he was additionally proud of the way the officers used restraint in 10 of the 12 incidents in which they could have justifiably fired their weapons but chose not to do so.

He said that the Police Commission applaud's their efforts and commend them for a job well done. He also congratulated the parents, friends and loved ones of the officers for without their constant support and encouragement he said, this department would not have the caliber of officers it has at present.

AMENDING PART II, CHAPTER VIII, SAN FRANCISCO MUNICIPAL CODE (POLICE CODE) BY AMENDING ARTICLE 18 THEREOF, RELATING TO THE CHARGING OF FEES FOR FIREARMS TRAINING AT THE POLICE RANGE.

Deputy Chief Shannon then spoke to the Commission on this item. He stated that currently the 832 Penal Code Course given by the Department, the classroom portion that is, is covered by the Adult Education Division of the Community College. He said they will not cover the cost of the firearm training which is required by any Special Officer who has to carry a weapon in connection with carrying out the duties of his job. He said this training is a requirement of the State of California. He said the way it is now the Department can only charge .50 which goes back prior to World War II. He said this amendment would allow to charge a fee to offset the cost of this training now incurred by the Department.

POLICE COMMISSION REPORT

Commissioner Nelder: "I don't have anything to report Mr. President, but I would like to hear from the Chief. What happened down here last night? I didn't hear anything official on the situation and yet it seems pretty appravated as far as sitting up here talking about Jitney Permits, and one thing and another, and a gun turns up in a shopping cart and somebody is shot, would you kind of fill us in? Is there an investigation, and how in the world did that gun get there?"

Chief Murphy: "That is under investigation now. There is a question as to whether or not the gun came in with the prisoner or had been inadvertently stashed in that shopping cart sometime before and thus brought in by some unknown person. There was a newspaper in the shopping cart itself dated June 6, which would indicate that that was the last time that that shopping cart was used, or possibly it could have been stashed in there any time from June 6th. The arresting officer, a Special, said that he searched the prisoner three times and the arresting, or transporting officers in the radio car also searched the prisoner but, nevertheless, the gun was there, but at this point we don't know how it got there and the investigation is continuing and we are attempting to fix that responsibility now."

Commissioner Sanchez: "What we would like is to have a full report once the investigation is completed for the Commission prior to the release of any official information outside the Department, so that we, as a Commission, could at least review it and discuss it with you if, indeed, that is deemed necessary by members of the Commission."

Commissioner Sanchez then stated that last week on the Commission agenda the Commission voted to hold over and refer to the Chief and Staff and Legal Department the matter of the request of the 11 or 13 men in the Department who signed the petition addressed to the Commission regarding Internal Affairs Bureau

investigations. He said at that point he failed to ask if there were any persons present who would like to speak to the matter, not in reference to content, but to the matter itself, which has always been the process and procedure of the Commission.

He continued by saying that tonight he would like to rectify that situation and ask if there were anyone here who did sign the petition, would like to address the Commission pertaining to the structure or the timetable of that matter?

Lieutenant Charles Thollander and Captain John Mahoney from Internal Affairs stated that they would like to address the Commission and then read prepared statements into the record as to the reasons for the above-stated petition.

Commissioner Murphy then stated that a copy of the Captain and Lieutenant's statements should be given to Chief's Staff.

The Chief stated that he was aware of the material the Captain had read and already had copies of it.

CHIEF'S REPORT TO THE POLICE COMMISSION

(Presentation by Lieutenant Victor Macia relative to the Field Training Officer Program.)

The Chief then asked Lieutenant Victor Macia to give an overview of the Department's Field Training Officer Program.

Lieutenant Macia said the purpose of the program is to produce a police officer who can work in a safe, skillful and professional manner. He said it is an integral part of the selection process, and after the recruit has successfully completed his 19 weeks of basic academy training, he is then brought into the Field Training Program where the FTO's focus on the refinement of the recruits basic skills learned at the academy and his application during actual on job situations. He said currently, they are training recruits at two stations. At Central Station there is the 133rd class in its 12th week and the 134th class in its 4th week assigned to Mission Station. He said shortly the 135th recruit class will be assigned to Northern.

Lieutenant Macia then called on Sergeant Al Benner to make some comments on the program also.

Sergeant Benner said that one of the things they did were to actively recruit female and minority personnel to become Field Training Officers because it is a great deal of work and the wives and husbands of the FTO's let it be known that the FTO's come home scratching their heads stating, 'how are they going to get through to this recruit, or what have they done wrong, what can they do better?', and as a result they have quite a high attrition rate.

He said at this stage they have had about 261 recruits go through the program and have lost approximately 34, or 13%, that were either terminated or resigned for various and sundry reasons.

Commissioner Sanchez then thanked the Lieutenant and Sergeant for their presentations and stated that this was one of the best training programs in the nation. He then congratulated the Department and, in particular, the men and women in the program who are taking a very active role in this phase of training.

The Chief then presented to the Commission a draft of a proposal of a Community Services Division which he would like to implement on July 1, 1980. He said he would like the Commission to hold a public hearing to allow for community input. To do this would necessitate putting it on calendar next week or, possibly, the week after at the latest.

He said the narrative would be forwarded to the Commissioners later in the week for the Commission's further perusal. He said it is a beginning, not something locked in cement but is merely a vehicle to get the unit started.

Commissioner Sanchez then stated that the Commission would peruse it and set a date for a public hearing.

REQUESTS OF THE FOLLOWING-NAMED PERSONS TO SUSPEND OPERATIONS OF THEIR PERMITS FOR NINETY DAYS.

Officer Lamont Suslow from the San Francisco Police Department's Permit Bureau, appeared on behalf of item. He said the parties listed on today's agenda have filed written requests to suspend operations of their particular Motor Vehicle for Hire Permits. He said their requests have been approved by the Chief of Police.

Commissioner Nelder then stated that he had some concerns about the requests periodically there are discussions about holding hearings of Public Convenience and Necessity to issue additional Vehicle for Hire Permits. He said he thought that this takes on a very important aura because if 28 permittees can put their permits on the shelf it seemed to him that there is an over-abundance of permits outstanding.

The Commission then heard each individual permittee and had them give verbal reasons for their requests.

The following-named individuals were then given permission to suspend operation of their permits for ninety days.

STATUS REPORT RELATIVE TO THE FUNDING OF PROJECT
"SAN FRANCISCO SAFE."

Lieutenant Frank Jordan appeared on behalf of this item and gave the Commission a status report relative to the funding of Project SAFE. He said because SAFE is no longer in the Police Department's Budget the unit is now seeking to obtain funds from private sources and as a result have filed corporation papers with the State of California to become a non-profit, tax-exempt corporation. He said they are also in the process of obtaining this status on a Federal level. He said so far \$25,000 has been made available through Mayor Feinstein's Community Development Funds which will be coming in by July 1. He said the Police Department's cooperation in this

would be to maintain security surveys as needed, work shops and seminars over the long term. He said the Department would also guarantee existing office space at the Hall of Justice to accommodate and Executive Director, a Field Supervisor and Trainer, a Business Coordinator and a Secretary.

Mrs. Jean Wollenberg also gave a presentation to the Commission on behalf of SAFE.

Commissioner Sanchez then thanked the Lieutenant and Mrs. Wollenberg and stated that the Commission wished them well and hoped that there would be a positive review process pertaining to the forthcoming funds.

Commissioner Nelder, after listening to Lieutenant Miller's presentation, stated that the Commission should support the legislation offered by the Chief and the Lieutenant and so moved for approval.

Commissioner Sanchez then requested that at some time in the future the Commission would like to get an idea of the internal procedures regarding this item.

POLICE COMMISSION REPORT

Commissioner Sanchez stated that the Commission had written a letter several months ago to the Airport Commission regarding Airport Police Officers being brought back under the supervision of the San Francisco Police by assigning a Captain of Police from this City there. He said he noticed through the media that the Airport Commission has approved Peace Officer status for the Airport Police and are now requesting approval of this action from the Board of Supervisors. He said the Commission has received a letter from the Director of the Airport in response to the Commission's earlier letter saying that thanks for your comments but the Airport Police are now moving progressively and it would no longer be necessary to have San Francisco Police Captain's assigned to head up the Airport Police Force.

Chief Murphy stated that he recalled the Commission's letter being sent but he was unaware of the Airport's Commission response. He said, however, nothing has changed, the Department's posture is still the same and that he would like to have the Department's Supervisory Officers down there. He said the fact that he as Chief of the San Francisco Department, is recommending to the Board of Supervisors that the Airport Police be given full peace officer status is now even more important that they come under San Francisco Police Department's control and we should be pursuing that. He said that also includes a multitude of other auxillary police because if they are going to be given full peace officer powers then San Francisco Police Department has to maintain control supervision and training.

CHIEF'S REPORT TO THE POLICE COMMISSION

Chief Murphy stated that two weeks ago the Commission wanted information regarding the procedures followed for returning found property to persons who have lost same. He then had Deputy Chief Stanley Cordes to explain those procedures.

Deputy Chief Cordes said that the final authority in the release in any property from the Property Control Section would be from the Inspector assigned to the case. He continued by saying before any property is auctioned or disposed of in any manner, a list is sent to the Inspectors asking them if it is okay to do so. The Inspector responsible for that property on the list has to okay it before it can be dispensed with. He said the Department throws nothing away unless the Inspectors have exhausted all avenues to locate the owners and not being successful in that

venture, then authorizes the Property Control Section to get rid of it.

SETTING OF DATE FOR A PUBLIC HEARING RELATIVE
TO A PROPOSED GENERAL ORDER ENTITLED "CONSENT
DECREE."

The Commission set the date of July 16, 1980 for a public hearing relative to a proposed General Order entitled "Consent Decree."

PUBLIC HEARING RELATIVE TO RECOMMENDATIONS FOR
THE IMPLEMENTATION OF A COMMUNITY SERVICES DIVI-
SION.

Commissioner Sanchez stated that the Chief of Police and Staff have been in the process of developing a structure for a Community Relations Division. He said this evening this is being presented publicly. He said the Commission, as a group, has not discussed this item and, in essence, they were waiting to hear Community response pertaining to both the content and also to the operation itself. He then called for the Chief and his staff to give a summation of the proposed division and afterwards it would be opened for public discussion.

Chief Murphy stated that Lieutenant Frank Jordan would present the proposal, however he stated, he would just like to point out that this is simply a proposal and a starting point for the Department, and the Community, to develop a workable Community Relations Program.

Lieutenant Jordan stated that by virtue of the fact that he is responsible for the Crime Prevention, is probably one of the reasons why he is here tonight because 65 to 70% of the Community Services Division encompasses the Crime Prevention Unit as it is now known. He then gave a brief explanation of the proposed functions of each area as outlined by the organizational chart of the proposal.

After Lieutenant Jordan finished with his presentation, Commissioner Sanchez then requested those persons interested in speaking to come forth and indicate whether they represented certain organizations and whether they were for, or against, the proposal.

He said Supervisor Ward from the Board of Supervisors is here and he invited her to come forward and be the first speaker on the subject.

The speakers were as follows:

Supervisor Doris Ward

Inspector Rodney E. Williams, President, Officers for Justice.

Gloria Louie, Chinese Affirmative Action

Sandy Ouye, United Japanese Community Services

Dr. L. R. Ludwigsen, Chairman, Civilian Police Community Relations Executive Committee

Armando Cerda, LRLSA

Allan Napolis

Ricardo De Leon, MCA

Roberto G. Hernandez, RAP, Inc.

Ricardo Cavallera, Mission Community Legal Defense

Rory D. Stark, Civ. PCR

Commander Peter A. Gianopoulos

David G. Ilumin

Joe Martinez

Ricardo Hernandez

Commissioner Sanchez then stated that this was the first opportunity for the Commission and the Chief to sit as a body and listen to the concerns as has just been submitted pertaining to the proposed Community Services Division. He said the Commission is in the same ballpark as that of the speakers, in that the Commission has just received the proposal also and is merely here at this time to listen to community concerns.

He continued by saying that so far everyone has heard one common thing and that is the need for better dissemination of information to proposed meetings so that all of those San Franciscans who are interested can come in and share their thoughts about the proposal.

Commissioner Murphy said that the Department, tonight, has received a lot of ideas and that she hoped that all concerned community organizations would get together

and develop a plan that could be possible for the department to try and work with. She said, if possible, try and get that to the Department before the next public meeting is held on this subject.

Commissioner Sanchez then suggested holding hearings in each 9 police districts which would be attended by the Chief and two of his top designated Staff, and at each meeting there would also be two Commissioners

He said the Chief and the Commission feel that this has to be a valid operational program or else it is not going to succeed.

He then stated to the audience that the Commission appreciated their coming this evening and sharing their thoughts and suggestions, and the Commission would, in turn, respond, hopefully, in a constructive manner, and would be equitable as to dissemination of hearings throughout this city.

Secondarily, I would like to mention that if we are moving chronologically it looks as though with all of these extra meetings the Commission now has caught up with 1980 with the last 6 months effort. So, I wanted to thank the Staff and thank the Captains, and Deputy Chiefs, and the Commissioners who helped bring us fairly up to date."

She then moved that the recommendation of those awards as presented to the Commission be approved.

Officer Lamont Suslow, from the Permit Bureau, appeared on behalf of this item and stated that this particular request by Mrs. Graves was heard three weeks ago at which time he was asked to contact Mr. Graves. Commissioner Sanchez then asked if there were any further agenda items before the Commission, and, if not, he stated, he would like to request consideration to adjourn, but in the spirit of a great

The Commission submitted no report at this meeting.

CHIEF'S REPORT TO THE POLICE COMMISSION

Commissioner Nelder asked the Chief a question in relation to the development of a Community Services Department in that there was one meeting on the issue and eventually it would be returning to the Commission and he said it was his understanding that the Chief would be having two or three meetings outside for the public's input.

Chief Murphy, in response, stated that there would be three meetings scheduled for next week. He then asked Lieutenant Frazier to give the dates.

Lieutenant Frazier: "The dates were as follows: Monday, July 14, 1980, Thursday, July 17, 1980, and Friday, July 18, 1980, all at 7:00 p.m. They are in different locations throughout the City. The first is at the Cameron House in Chinatown, the second at Horace Mann Jr. High School in the Mission District, and the third at Benjamin Franklin School in the Western Addition."

The Chief said that after those meetings the Department would report back to the Commission with its findings on the 24th with a recommendation for future implementation of the community Services Division.

Commissioner Sanchez said that he would like to follow up on that in that it was stated at the last meeting where there was some public input on the initial recommendation of the Chief that there would be a series of public hearings, and the Commission would appreciate the cooperation of the press, and

the media to make sure that the word is passed out, that there will be a series of three meetings scheduled for next week, as mentioned, and if there is need for further information they may contact Lieutenant Frazier, or the Chief's Staff, who will help the media disseminate that information.

NOTIFICATION OF REVOCATION OF MOTOR VEHICLE FOR HIRE PERMITS HAVE BEEN SENT TO THE BELOW-NAMED PERMITTEES FOR FAILURE TO COMPLY WITH SECTION 1081 OF THE POLICE CODE. (CONTINUED FROM THE MEETING OF JUNE 18, 1980.)

Edward P. Bencivenga	Louis Restani
Francisco Ramos	John R. Roe

Officer Suslow stated that these four permittees had originally requested 90 day suspensions of their permits but failed on several occasions to appear at the Commission Hearings on their requests. Because of their non-appearances the Commission moved to send them notices of possible revocations of their permits.

Commissioner Sanchez then asked that their names be called to see if they were in attendance at today's meeting.

None of the parties were present. However, the brother of Mr. Francisco Ramos appeared and notified the Commission that Mr. Francisco Ramos had passed away. He was then advised that in this respect pursuant to the provisions of Proposition K the Ramos' permit is automatically voided and reverted back to the city.

The Commission then moved at the behest of Commissioner Nelder to revoke the remaining-named permittees permits.

Commissioner Toler seconded this motion and it was unanimously approved.

PRESENTATION OF MEDAL OF VALOR AWARDS AND CERTIFICATES

Commissioner Sanchez then stated that at this time the Commission would go to item #2 which is the Awards Committee Ceremony.

He said part of the tradition of the Police Commission is that each individual Commissioners has an opportunity to serve as the Chairperson of the Awards Committee which is made up of the men and women and senior ranking officers of the Department. He said this particular Awards Committee was chaired by Commissioner Nelder and at this point, he said, he would turn the meeting over to him.

Commissioner Nelder then stated that the officers being awarded tonight is an outstanding group of recipients, and all of the citizens of San Francisco can be very proud of them. He said some of the cases involved risk of life and limb and the officers didn't hesitate to take the necessary action. He said, of course it is not desirous for the officers to plunge in foolishly where they might be injured or killed but each of these cases were handled intelligently and bravely and are a tremendous credit to the whole field of Law Enforcement.

He continued by saying that he would just like to take this opportunity on behalf of the Police Commission, the Mayor and all the people of San Francisco to compliment and congratulate the Awards recipients today.

Commissioners Toler and Sanchez also followed with glowing and appreciative clauses.

The awards were then presented as follows:

REQUEST OF THE FOLLOWING-NAMED PERSON TO SUSPEND
OPERATION OF HIS PERMIT FOR NINETY DAYS: -(CON-
TINUED OFF CALENDAR)

Mr. Nazzareno Andreoli who is requesting 10 months suspension of operation was advised that he would not be permitted to have 10 months as the maximum allowed is only 90 days.

Officer Suslow said that the Department would agree to give him 90 days.

Mr. Andreoli then spoke saying he needed the additional time to go back to Italy and take care of some personal business.

Officer Suslow then further advised Mr. Andreoli as to how he might be able to get a little more extra time in that the day he received a phone call telling him it was time to leave for Italy, he could rush a letter to the Department requesting the 90 days at that time. By the time it went through a Chief's Hearing and thereafter made all of the necessary administrative circuits, probably, a whole month would pass before it came to the Commission for approval. So he would conceivably have four months if he left the day he wrote the letter. This would at least give him a total of four months.

Commissioner Nelder then made a motion to put the matter off calendar and have Officer Suslow keep tabs on this item and some of the facts of this hearing to subsequently refresh the Commission's memories when it comes up again so that if, an when, Mr. Andreoli gets the notification to leave, he will immediately notify Officer Suslow, who in turn, will start the procedures to get it before the Commission.

Commissioner Toler then seconded this motion and it was unanimously approved.

REQUEST OF MRS. ALICE MARIE GRAVES TO SUSPEND OPERATION
OF HER LIMOUSINE PERMIT FOR A PERIOD OF NINETY DAYS.
(CONTINUED FROM THE MEETING OF JULY 2, 1980)

Officer Suslow advised the Commission that this matter was concerning a Limousine Permit held in joint tenancy by Mrs. Graves and her ex-husband LaFrance. He stated that Mr. Graves had contacted Officer Lamont Suslow and stated that he would come in and get the problems of the ownership of the permit squared away but he failed to appear. He said that since the Graves' are going to divorce proceedings, the Permit Bureau recommends that the permit be made a part of the divorce agreement. He said this would be the only way a Vehicle for Hire Permit can be transferred is by a court order under divorce proceedings.

After some discussion on the subject Commissioner Nelder moved that the Commission issue the 90 day suspension with the proviso that the permit not be used for that period of time and after 90 days, Mr. or Mrs. Graves return to the Permit Bureau and review the matter with Officer Suslow, so that it can again be presented to the Commission so that the Commission can be informed as to whether or not either party will continue to use it or not.

Commissioner Toler then seconded this motion and it was unanimously approved.

SECRETARY

16 JULY 1980

REGULAR MEETING

The Police Commission of the City and County of San Francisco, met in their chambers, Room 551, Hall of Justice, 850 Bryant Street, on Wednesday, July 16, 1980, at 1700 hours in regular session.

PRESENT: Commissioners Daly, Nelder, Toler, Murphy

ABSENT: Commissioner Sanchez

Commissioner Murphy presiding.

PUBLIC HEARING RELATIVE TO A PROPOSED GENERAL ORDER TITLED "CONSENT DECREE."

Commissioner Murphy, presiding, stated that this was a General Order prepared by the Department to enact certain provisions of the Consent Decree. She then called upon the City Attorney, Mr. George Agnost, to speak to those provisions.

Mr. Agnost stated that the General Order's purpose is to effect the City's commitment under the Consent Decree. He said its purpose is to make it clear that the city acknowledges its duty under law to refrain from discrimination and, in effect, to carry out the Decree. He said what is particularly relevant in the Decree is that it sets forth in the General Order that any member who intentionally violates the terms of the Decree or intentionally obstructs its implementation by acts of commission or omission shall be considered to have engaged in unofficerlike conduct and shall be subject to discipline.

Commissioner Murphy thanked the City Attorney for his presentation and asked for other comments from those in attendance.

Inspector Rodney Williams representing the Officers For Justice Police Officer Association, read a statement on their behalf into the record. It was a letter from the Public Advocates to the Police Commission stating, in essence, that they did not endorse the General Order on the Consent Decree which the Commission was now considering.

The Commissioners then thanked Inspector Williams for his presentation and asked the Chief for his comments.

Chief Murphy stated that he would recommend that the Commission adopt the resolution which would enact this General Order as Department Policy.

Commissioner Daly stated that without having anyone really pinpointing the shortcomings of this order she would move that it be approved.

Commissioner Nelder stated that he felt that the General Order spelled out the spirit of the Consent Decree and that it has been much too long for a General Order on the subject not to have been issued. He said for that reason, the Chief's recommendation that the Commission approve this document, at this particular time, will get his approval but that it didn't mean that he wouldn't entertain anything that might be submitted to the Commission in the future.

The matter was then approved.

POLICE COMMISSION REPORT

Commissioner Daly stated that while she was in Washington she met with some representatives of

the Federal Civil Rights Department and that they had decided to release their section of a report on Police Community Relations earlier than the full report that is being prepared to establish more hearings throughout the country in an attempt to open up communications between special minority groups and police departments. She said while some reports are certainly well founded they are interested in documenting actual incidents of discrimination or poor judgment on the part of police. She continued by saying that San Francisco is a city that is not in such trouble as some of the other cities seem to be.

Further discussion was held with the Chief giving the Commission an update of the raid on the Mitchell Brothers Porno Theater where acts of prostitution were being committed.

CHIEF'S REPORT TO THE POLICE COMMISSION

Chief Murphy stated that an increase in parking fines was approved and put into effect a week ago by the presiding judge of the Municipal Court. He said the Department, in turn, gave the public a week's notice that the Department, this week, would issue the new citations with the increased bail and at the same time would be stepping up traffic enforcement as far as parking in particular. He said he met with the traffic controllers and apprised them that the main intent of this drive is to clean out the yellow zones so that trucks, as intended, can get into them.

Commissioner Murphy thanked the Chief for his report and then announced that the Commission, prior to today's regular meeting, had an Executive Meeting with their attorney, the City Attorney, at 1600 hours and adjourned at 1715 hours. No votes were taken.

RECOMMENDATIONS OF THE AWARDS COMMITTEE

Commissioner Toler stated that in his two and one-half years on the Commission he did not believe that he had ever had an experience such as the one he had last week while chairing the Awards Committee meeting.

Speaking directly to Chief Murphy, he said,

"Chief, I would like to say I like the spirit that is now shown within the Department and I can assure you, fellow Commissioners, that we had two officers who were awarded Gold Medals for outstanding police work, and I am sure you will hear about it at our meeting when we present these awards. I have never seen such a response from the Department wherein in both cases the officers received a unanimous vote from the Committee members who then made a recommendation for one of those officers, to include in addition to his medal and certificate, that he be awarded one month's salary, and I wish to include that in my motion in recommending approval for all of the remaining awards granted by the Committee at that meeting. I have never had a charge like the one that I had last week and I want to say again Chief that I sure like the spirit of your troops. They were very supportive of those officers. So I would, at this time, make a motion that the Commission approve the recommendation of the Awards Committee in awarding one Gold, five Silver and 14 Bronze Medals of Valor, and five Meritorious Conduct Awards. Now, I would make a motion that the Commission also approve the recommendation of the Awards Committee in the awarding of a Gold Medal of Valor to Officer Thomas Griffin and along with that award that he be granted a reward of one month's salary."

The motion was seconded and unanimously approved.

August 20th was then set for the presentation of these awards.

RECEIPT OF PROPOSED STANDARD OPERATING PROCEDURES
FOR UNUSUAL OCCURRENCES AS DEPARTMENT POLICY -
(COPIES SENT TO EMPLOYEE ORGANIZATIONS.)

Commissioner Murphy then stated that she had some questions in regard to this order.

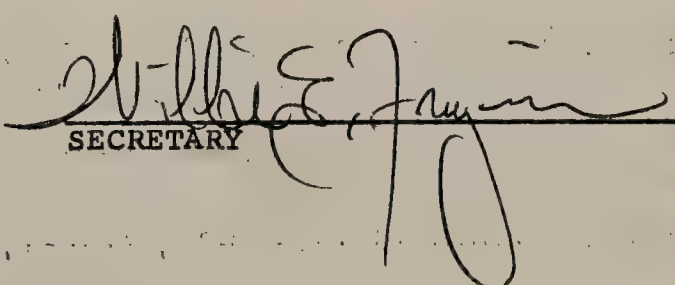

She then stated that under the general concepts (b) it says that, Mobile Tactical Squad shall be organized by each police district and the traffic division. She said she would like to know who calls the plays, the traffic division or the district captains?

Deputy Chief Shannon stated that it would be a step towards going to an incident and that it just meant designating mobile squads. He said the order would be coming from Field Operations. He continued by saying the whole Order would have to be read and that if squads were brought into an incident a Field Operations Headquarters would be set up in the field and the ranking officer there would be in charge. He said it would either be the District Captain, or, if the operation became larger it would be the Commander of Patrol, or eventually the Deputy Chief.

He said the order just sets the procedure to do it, if in essence, it escalates, how the different forces would be brought in. He said on the front page it generally states the procedures that are set up to handle it. He said it is an item that should be read in total and not in separate sections.

Commissioner Murphy then thanked the Deputy Chief for clearing up some of the questions in regard to this order.

The Commission then adjourned its meeting at 1810 hours.

23 JULY 1980

REGULAR MEETING

The Police Commission of the City and County of San Francisco, met in their chambers, Room 551, Hall of Justice, 850 Bryant Street, on Wednesday, July 23, 1980, at 1700 hours, in regular session.

PRESENT: Commissioners Daly Nelder, Toler, Murphy, Sanchez

Commissioner Sanchez presiding.

RECOMMENDATION OF THE TRAFFIC BUREAU

Item #12

1106-08 TAYLOR STREET - CONDOMINIUM

Mr. Bob Odmark, one of the owners of the building where the zone is being requested, stated that theirs is the 2nd building inwards on Taylor Street from the corner of Sacramento. He said the 1st building on that street is a 10 story Condominium building that is occupied mostly by older people. He said only four (4) people own cars and there are no garages in the building. He said that building has a white zone on Sacramento Street but because of the one-way streets in the neighborhood the people tend to not use that white zone often, but they do double park, or try to park, in front of their building. He said the area in front of their building on Taylor Street is all red zone. He continued by saying that he didn't think that the need of his building alone would justify the requested zone, but that there is an overall need for safety purposes for the other adjacent buildings in loading and unloading passengers also.

Officer Andrew Quaglia stated that the Traffic Survey Department has noted that it is a Two Condominium Building and because of it's size it did not merit a white zone.

Commissioner Nelder stated that it was the considered opinion of the Traffic Survey Department that the Commission deny this application. He said Mr. Odmark made a strong argument but it really didn't change the position of the Department. He said that the sensible thing to do would be to table the request and live with it for six months and see what the reaction is, particularly as long as there is a white zone nearby. He said after a period of time if Mr. Odmark can demonstrate that there is a need for the zone then he can come back and the Commission would probably approve it.

but at this particular time he has not sufficiently proved the need.

Commissioner Sanchez then thanked Mr. Odmark for coming and presenting his case.

POLICE COMMISSION REPORT

No report was forthcoming at this meeting.

CHIEF'S REPORT TO THE POLICE COMMISSION

Chief Murphy gave a status report to the Commission on the current Hotel Employees Strike. He said the strike under any circumstances is a very emotional issue. He said, the Department took a posture feeling that some of that emotion, anxiety, frustration and anger has to come out and the Department allowed that to come out in the form of noise rather than have a confrontation with the police. He said that is now behind them, that they have met with the Union Officials and told them that the Department's posture from yesterday forward would be that the noise from pots and pans would be intolerable, and that the fourth parties who are not related to either side of this dispute, that is other businesses or hotels not involved state that the noise is intolerable, that the Department would not tolerate it's continuance and citations, in fact, would be issued. He said the Unions agreed to this. They went down and spoke to their people on the line and for the most part the noise stopped. He said however, there were 49 arrest made yesterday and 48 were released on citation, one was booked because of resisting arrest.

He said the Department has established a permanent Strike Task Force to police the strike, comprised of three captains, three lieutenants, 18 sergeants and 109 patrolmen. He said it would remain in effect until the strike is over.

REQUESTING APPROVAL OF THE POLICE COMMISSION BY
PATROL SPECIAL OFFICER LUCIAN VANCE, TO SELL PATROL
SPECIAL BEAT NO. 66 TO ASSISTANT PATROL SPECIAL
OFFICER GEORGE M. BOSQUE.

Commissioner Murphy: "Mr. President, I have looked over these papers and find them in order as far as I am concerned. Has our Legal Department looked them over to see that everything is in order?"

Deputy Chief Shannon: "Yes, Commissioner."

Commissioner Murphy: "Thank you, with that in mind, I would like to move that the sale be approved."

Commissioner Toler: "Second."

Commissioner Sanchez: "There is a motion for approval of the sale and a second, is there any discussion by the Commission?"

Commissioner Nelder: "What are the boundaries of this beat?"

Commissioner Murphy: "There is a map right there."

Lucian Vance: "It's in the Taraval Commissioners, bounded by Sloat and Moraga to 19th to Laguna Honda."

Commissioner Nelder: "Who has been handling it now, yourself and your assistant?"

Lucian Vance: "Yes."

Commissioner Nelder: "And is that sufficient to cover it?"

Lucian Vance: "Yes."

Commissioner Nelder: "Do you intend to get assistants?"

George Bosque: "With the passage of time I do, I hope to expand the number of folks that presently subscribe to the services we offer and, obviously, that will necessitate hiring extra officers which we, I will say hopefully, because those are my intentions and I hope to succeed."

Commissioner Murphy: "It's a good deal of vacant space around there, Mt. Davidson and out around Funston, I mean it is not heavily populated."

George Bosque: "you are quite right Commissioner, There is quite a bit of territory there, that is as you say open, but by the same token there is quite a bit of potential within the beat that has not been....."

Commissioner Murphy: "Has not been explored."

George Bosque: "Correct."

Commissioner Sanchez: "Commissioner Nelder, do you have further comments or questions?"

Commissioner Nelder: "Well, only to the Assistant, you are going to take over, of course you are familiar with it, but you are subject to all of the Rules and Procedures of the Department, you understand that?"

George Bosque: "Yes."

Commissioner Nelder: "And if there are any problems I am sure you will take them up with the Captain of the District."

George Bosque: "Right, I am happy to say that in the 3½ years that I have been an Assistant Patrol Special I have not encountered any problems whatsoever and I hope to do likewise as a Patrol Special."

Commissioner Nelder: "I have no further questions."

Commissioner Sanchez: "Are there further questions or comments of the Commission?"

Commissioner Toler: "Is this 24 hour service?"

George Bosque: "Presently we have a 9-5 Friday Patrol Service offered and then we have the evening hours covered by an adjoining beat Patrol Special Officer that comes and covers the beat so it is certainly covered 7 days a week. As I said, I hope to expand my present services offering, God willing."

Commissioner Toler: "Thank you, best of luck to you."

Commissioner Sanchez: "Further comments? If not, I call for the question? All in favor say Aye. (Unanimous Ayes), Opposed? Motion carries. Permission granted."

At this time the Chief swore Assistant Patrol

Special Officer George M. Bosque in as a Patrol Special Officer for Beat No. 66, Taraval Police District.

POLICE COMMISSION CONSIDERATION RELATIVE TO THE ADOPTION OF A COMMUNITY SERVICES DIVISION: (CONTINUED FROM THE MEETING OF JUNE 25, 1980).

Lieutenant Frank Jordan stated that there were a number of meetings held on this item starting here in the Hall of Justice on July 9th, and ending last Monday, July 21st. He said they covered as many areas as possible that showed concern and interest here at the Hall of Justice and the southern section of San Francisco, Chinatown, the Western Addition, Bayview-Hunterspoint and the Mission District. He said some of the main concerns the Crime Prevention Unit was able to perceive, based upon comments submitted at the meetings, were that citizen groups and organizations at the district police station level, are requesting input into

the selection process for citizens to the Civilian Liaison Committee. More time has been requested, approximately 60 days, prior to the final adoption by the Police Commission of a Community Liaison Unit. Police Officers assigned to the Liaison Unit must, of their own volition, volunteer for the assignment and be highly motivated to work with community groups and organizations. He said, also some community members stated that the officer-in-charge of the Community Liaison Unit should report directly to the Chief of Police and be directly responsible for police community liaison on a city-wide basis. Also, some citizens felt that consideration should be given to placing the Community Liaison Unit outside of the scope of the Community Services Division in order to operate on an independent basis.

He then stated that Lieutenant Thorsen, who had attended all of the meetings, has submitted a letter to the Commission, of which he gave each a copy and then read the contents for those present in the audience.

Commissioner Murphy who attended all of the meetings also, stated to the Commission what she had perceived from comments made at those meetings. She said it was generally accepted that everyone wanted a delay in the structuring of the Community Relations Unit to allow for more input from community groups and organizations.

She said it was her feeling that there should not only be input from those groups but there should also be input from the Officers for Justice, the Police Officer's Association and the San Francisco Supervisory and Investigators Association because no plan is going to be any good if everybody doesn't want it, want it and support it.

She said a very good suggestion came from Mr. Yori Wada, who is a member of the University of California Regents and head of the YMCA, that the selection of the District Citizens Liaison Committee members should not be left solely to the District Police Station Captains but should be a task of representatives from community groups. She said also district committees should reflect the neighborhood, and ethnic composition of the districts which are, in many instances, very integrated.

She went on to say that an appropriate training program should be established on a continuous basis so that officers assigned would have some pre-conceptions of what some of the problems are that vary from community to community.

After further discussion on the subject Chief Murphy stated that he would respectfully request that the Commission delay implementation of the Unit, or at least put it off calendar until he and his staff has had time to thoroughly review it and touch bases with some of the people who attended the meetings and then, at the Commission's pleasure of a subsequent date, make a presentation.

The Commission then moved to continue the matter for one week for the purpose of setting a date for the Chief to make a presentation of a viable plan to the Commission for consideration and possible adoption.

REQUEST OF MR. TRINIDAD MARTINEZ TO SUSPEND OPERATION OF HIS JITNEY BUS PERMIT FOR A PERIOD OF NINETY DAYS. - CONTINUED ONE WEEK.

Since Mr. Martinez did not appear, Commissioner Nelder advised Officer Lamont Suslow of the Permit Bureau, to get in touch with Mr. Martinez and inform him that this matter is before the Commission for consideration and requires his presence for the Commission to act on it.

This was put in the form of a motion and seconded by Commissioner Toler.

It was then unanimously approved.

POLICE COMMISSION REPORT

Commissioner Murphy stated to Deputy Chief Shannon that she had seen in the paper that in 1985, San Francisco would host a meeting of top police officials throughout the nation. She was wondering how that came to be?

Chief Shannon stated that the Chief would probably like to speak directly to this subject. However,

he said the Chief had gone back to a meeting with the International Chief's of Police last week in Arlington, Virginia and presented the case for San Francisco and they accepted his presentation and that is why the meeting is scheduled for San Francisco at that time.

CHIEF'S REPORT TO THE POLICE COMMISSION

No report was presented at this meeting.

RECOMMENDATIONS OF THE AWARDS COMMITTEE

Commissioner Murphy presided at the Awards Committee Meeting last Friday. She said two gold medals were awarded and one of those was by unanimous acclaim which she had never seen done before. She said she was awestruck wherein officers were handling three or four of the most dangerous situations in dealing with obviously mentally disturbed people either because of drug abuse or they were psychotic. She said she felt there could be something done about about people in this condition being released from mental institutions who are not in remission and without adequate facilities for follow-up treatment. These people tend to injure themselves and/or other people. She said because of this it unnecessarily jeopardizes the safety of the officers and other innocent citizens. She said in any event all of the officers were very brave and the Commission and Department are very proud of them.

She then moved for the Commission to accept the recommendation as submitted, and that the presentation to the Awards recipients be made at the Police Commission Meeting of Wednesday, September 3, 1980.

REQUEST OF MR. TRINIDAD MARTINEZ TO SUSPEND
OPERATION OF HIS JITNEY BUS PERMIT FOR A PERIOD
OF NINETY DAYS. (CONTINUED FROM THE MEETING OF
JULY 23, 1980)

Officer Lamont Suslow stated that Mr. Martinez failed to attend last week's hearing and that he had been directed by the Commission to contact him. He said he contacted his residence the day after the meeting, which was the 24th of July, and learned that he had already left for a trip to Calexico, Mexico and will probably not be returning until later this week or possibly the end of next week. He said he did speak with his son, Tony Martinez, who indicated he would attend tonight's meeting to answer any questions the Commissioners might have regarding his father's request, but apparently he is not present.

Commissioner Nelder then stated that he felt the circumstances merited putting the matter over for two weeks to allow for Mr. Martinez to be present. He said Officer Suslow could drop him a card notifying him of that particular date.

This statement was put into the form of a motion and seconded by Commissioner Toler.

It was then unanimously approved.

It was then continued to the 20th of August, as there will be no Commission Meeting on the 13th of August.

SETTING OF DATE FOR PUBLIC HEARING RELATIVE TO
THE ADOPTION OF PROPOSED STANDARD OPERATING PRO-
CEDURES FOR UNUSUAL OCCURRENCES AS DEPARTMENT POL-
ICY. (OFF CALENDAR BECAUSE CONTENTS CONTAIN MAT-
TERS OF SECURITY WHICH ARE NOT FOR PUBLIC REVIEW.
ORIGINAL COPY IN FILE FOLDER)

Commissioner Sanchez stated that the Commission would like to set it for August 20th and it was so moved and set for that date.

SETTING OF DATE FOR PUBLIC HEARING RELATIVE TO THE
ADOPTION OF A COMMUNITY SERVICE DIVISION

Deputy Chief Shannon stated that the Department has scheduled a meeting at the direction of the Commission tomorrow night at 5:30 p.m., with members of the various communities in the City. He said at this point it is difficult to say to the Commission that the Department will have a specific date to present this for approval. He said, hopefully, the Department

will have some sort of report on the 20th and at that date the Commission could possibly set a date for the Public Hearing on the subject.

He said at the last meeting the people of the community who were present were told that they would be brought in, a committee would be formed, that has now been done and the Department would attempt to keep the Committee on track on those specific items in the establishment of a Community Services Division and no other items would be considered.

He said that Staff is looking at three weeks to have a report to the Commission and the Commission could chose whatever date it desired for a Public Hearing.

It was then decided that the Department should make its presentation to the Commission on the 27th of August.

RECEIPT OF PROPOSED GENERAL ORDER REGARDING PRISONER SECURITY AT HOSPITALS. (COPIES SENT TO EMPLOYEE ORGANIZATIONS.)

Commissioner Sanchez suggested that this matter be held over for 30 days and also suggested that the new hospital administrator Mr. Jeff Lang, at San Francisco General Hospital, along with Captain Wright of the Institutional Police, be sent copies of both the proposed Standard Operating Procedures for Unusual Occurrences, because there is a whole section on Hospital Dentention at San Francisco General Hospital, and also the new General Order on Prisoner Security at San Francisco General Hospital. He said those persons have an interest in this and would like to review it, especially with the Chief's of Radiology and Chief Residents on Board in 24 hour shifts to make sure that they also understand what the Department's procedures are, and if there are any thoughts, or suggestions they may have, they could provide some input to this. He said they should also be invited when the Commission holds its hearings on the subject.

He subsequently added Sheriff's Personnel to this group to be allowed review of these proposals also.

The Commission then recessed at 1702 hours and reconvened at 1740 hours with the continuation of Patrol Special Officer Albert Robles' Disciplinary Hearing.

CONTINUATION OF THE HEARING OF PATROL SPECIAL

The matter of the hearing of Patrol Special Officer Albert Robles was called, it having been continued from the meeting of July 23, 1980.

Patrol Special Officer Albert Robles appeared in person and was represented by Mr. Willie L. Brown, Jr., Attorney at Law.

Mr. Lawrence Wilson, Attorney at Law, appeared as the Prosecutor for the Police Department.

The following-named witness appeared for the Prosecution, was duly sworn and testified:

It was stipulated by the Prosecution and Defense that Specification No. 5 be deleted, and at the meeting of July 23, 1980, Specification No. 9 was also deleted.

POLICE COMMISSION REPORT

Commissioner Daly stated that during the public
hearings for the Community Relations Unit she was
told that the curfew ordinance in this city was
not being enforced because there were questions
as to its constitutionality. She said there were
certainly questions about the constitutionality
of enforcing a curfew in only one neighborhood
as opposed to enforcing a curfew city-wide. She
then asked the Deputy Chief for an opinion, or

what the situation is as far as the curfew laws of this city are concerned. She said the article she read in the paper stated that most of the 122 curfew citations in June were made in the Mission District and it was just three weeks ago she was informed that curfew citations were not being issued and she was curious about what is actually happening and what the ordinance really does.

Deputy Chief Ryan stated that to his knowledge the curfew laws of the city has not been declared unconstitutional. He said the article she had read is substantially correct. He said curfew laws are enforced when there are needs for it to be enforced. He said if this was a few years ago the Commissioner would find that most of the curfew citations were issued in the Richmond District, when Playland at the Beach was in existence, now, he said, the problem is somewhere else. That's why, he said, the concentration is in one particular neighborhood because that's where the concentration of curfew violations are at the moment. He went on to say that a year, two years from now, it could be in some other neighborhood.

Commissioner Murphy then indicated her concerns over an article she had read regarding the taking away of a parking area in the Mission District which had been used by the Police to siphon Low Rider Traffic off Mission Street during the weekends by letting the Low Riders use this vacant lot when the Police closed down the street.

Deputy Chief Ryan stated that he was aware of that and that it was decided about a year ago to allow the use of this vacant lot when traffic became too congested on Mission Street during the times the Low Riders were there.

He said the Park and Recreation Department owned the property and had intended to turn it into a Soccer Field. However, they don't have the money to do so but use of the lot is no longer available. He said the real problem is the night time hours and the noise generated by portable radios and stereos.

Commissioner Nelder then asked Deputy Chief Ryan about the question of Patrol Special Officers as far as training and supervision of their duties in the various police districts. He said if you take it back to the fact that they come in here and are actually deputized, in a sense, by this Police Commission and then the Commission finds that there is a serious lack of training for these people, after granting the awesome power of the use of a weapon and the authority to arrest, it seems that there should be some way of having some formal training made mandatory.

Chief Ryan, in response, stated that he agreed wholeheartedly and that the loss of this close supervision over the Patrol Specials occurred when the patrol sergeants were placed in radio cars. He continued by saying that in earlier days when he was a patrolman there were quite a few sergeants on foot patrol who were very serious about supervising and visiting Patrol Special Officers while they were on their beats. He said he has re-issued an order pertaining to Patrol Specials and their Assistants for district stations to employ tighter controls over their operations. He said he is also preparing documentation of recent incidents involving Patrol Specials all the way from criminal charges to Internal Affairs Complaints.

He said when Deputy Chief Shannon comes back from vacation he would get together with him and establish some kind of a regular on-going in-service training session for those people, either through the Police Academy, or whatever other arrangements can be made.

Commissioner Sanchez then stated that in that regard the Commission had earlier asked for a report on all auxillary police as far as their relationship to the San Francisco Police Department. He said at one time the Institutional Police, such as those at San Francisco General and Laguna Honda, were trained by the San Francisco Police Department, but that was three or four years ago. He said the Department should make sure that any person in the city, authorized to carry a weapon, such as the Institutional Police, Hospital Police, Muni Police, Housing Authority Police, BART, etcetera, that there had better be some rules of accountability, training and re-training, otherwise there will be more problems facing the department.

On another subject, Commissioner Sanchez mentioned the difficulties incurred by some members of the Community when they call for police services and communications immediately puts them through to a recording telling them to hold and the parties wind up holding for an inordinant amount of time.

Deputy Chief Cordes stated that he would investigate the matter and report to the Commission in 30 days the result of his findings.

CHIEF'S REPORT TO THE POLICE COMMISSION

Deputy Chief Ryan stated that other than the discussion that had already been held, he said that he has had a person in his office to review the Department's EDP Budget with an eye to perhaps installing a Computer Assisted Dispatch System which

ultimately will shorten the waiting time for police telephone response and waiting time for police response at the scene of incidents. He said he ~~had~~ spoke with the Budget Analyst at City Hall and he agreed that there was a lot of money in that account being expended and the Department was not really getting the value for it. He said at this time it looks as though the Department can divert some of those funds and ~~utilize~~ them for the purpose of installing its own EDP Program along with a Computer Assisted Dispatch System.

AMENDING PART II, CHAPTER VIII OF THE SAN FRANCISCO MUNICIPAL CODE (POLICE CODE) BY AMENDING SECTION 1282 THEREOF, RELATING TO REGULATION OF AUCTIONEERS.

Lieutenant Patton of the Pawn Shop Detail, appeared and spoke on this item. He stated that this request is just one facet of the Department's attempt to control stolen property that is getting into legitimate businesses. He said this amendment would put the Auctioneers under the same regulations that Second-Hand Dealers now have, and eventually, under the regulations that the Pawn Brokers have to, hopefully, cut off quite a bit of the illicit trade.

Commissioner Murphy then moved for the adoption of this amendment and it was then unanimously approved.

RESOLUTION NO. 360-80

AMENDING PART II, CHAPTER VIII OF THE SAN FRANCISCO MUNICIPAL CODE (POLICE CODE) BY AMENDING SECTION 1282 THEREOF, RELATING TO REGULATION OF AUCTIONEERS.

WHEREAS, the San Francisco Police Department has learned of stolen property passing through licensed auctioneer business; and

WHEREAS, the San Francisco Police Department may more effectively control such activity if the laws now applicable to Second-Hand Dealers are also applicable to such business; therefore be it

RESOLVED, that the Board of Supervisors adopt the attached amendment to Section 1282 of the Municipal Code (Police Code), which will apply laws regulating Second-Hand Dealers to Auctioneers.

HEARING OF POLICE OFFICER FRANK WALKER,
POTRERO POLICE STATION

Lieutenant Trueb stated that the Department has requested a continuance which has been agreed to by Officer Walker and his council. He said the Police Prosecuting Attorney had taken his vacation and was not available at this time, therefore, he was requesting that it be put over to September 10th.

Commissioner Nelder mentioned that a Hearing was already scheduled for September 10th, so the 17th was decided upon by the Commission.

Commissioner Sanchez then asked Lieutenant Trueb to check with Chief Murphy to see if this matter is of such significance that it should be brought to the Commission or if it could be handled administratively.

Lieutenant Trueb stated that he would do so and advise the Commission accordingly.

POLICE COMMISSION REPORT

Commissioner Nelder stated that he just wanted to repeat what he said a few weeks ago when Chief Ryan was the acting Chief and that the Commission pointed out to him at that time that they were completely and totally dissatisfied with the whole process of Patrol Specials and Assistant Patrol Specials. He

said the concept of the function of these officers has been allowed to deteriorate in the past few years which is contrary to what the Chief wants and what has been in the past. He said he was hoping the Department would exercise a little bit more care in the selection of personnel and initiate a great deal more of supervision and training.

Chief Murphy stated in response, that the Department would have regulations regarding Patrol Special Officers prepared and present them to the Commission in approximately two weeks.

CHIEF'S REPORT TO THE POLICE COMMISSION

STATUS REPORT IN THE MATTER OF POLICE OFFICER
ROBERT MULRY, SUPPORT SERVICES BUREAU-PROPERTY
CONTROL DIVISION.

Mr. Stephen Bruce Bley, attorney for Officer Robert Mulry, stated that the Officer was weighed today by Officer Joe Mollo, Physical Training Officer, and that Officer Mulry was one (1) pound over the allowable amount of weight as prescribed in the Rules and Procedures of the Department. He is down from 274 lbs., to 219 lbs. Mr. Bley said this matter is still pending before the Retirement Board and since the Department is considering adopting a light duty policy, and it is his belief that one (1) lb., is a substantial compliance that the matter be terminated, or if the Commission feels it appropriate to continue it over until at such time there is a final determination of the status of limited duty.

The matter was then continued to October 1, 1980.

RESOLUTION NO. 385-80

RECOMMENDATION OF THE CHIEF OF POLICE THAT TAXICAB PERMIT HOLDER MR. PHILIP RANCATORE BE PLACED ON ONE YEAR PROBATION FOR VIOLATION OF SECTION 128, PART 3, OF THE MUNICIPAL CODE.

Officer Lamont Suslow of the Police Department's Permit Bureau, stated that a complaint was filed by the Permit Section indicating that Mr. Philip Rancatore caused to be operated in the City and County of San Francisco a taxicab after the death of the Permit Holder. He said a determination of the facts was made at the Chief's Permit Hearing on July 15th, 1980, and that the Chief of Police, thereafter, recommended that the Police Commission place Mr. Rancatore on one (1) year probation.

The Commission, after listening to testimony from Mr. Rancatore's attorney, who concurred with the Chief's recommendation, adopted the following resolution:

RESOLUTION NO. 383-80

RECOMMENDATION OF THE CHIEF OF POLICE THAT TAXI-CAB PERMIT HOLDER MR. PHILIP RANCATORE BE PLACED ON ONE (1) YEAR PROBATION FOR VIOLATION OF SECTION 128, PART 3, OF THE MUNICIPAL CODE.

WHEREAS, in the mid 1970's Mr. Rancatore did manage a taxicab permit for one Anna Silvestri who died November 2, 1978; and

WHEREAS, Mr. Rancatore did not notify the Police Department of Mrs. Silvestri's death until discovered in a routine manner by the Police Department on June 10, 1980, at which time Mr. Rancatore voluntarily acknowledged and surrendered said permit; and

WHEREAS, because Mr. Rancatore did not surrender Mrs. Silvertri's permit in November, 1978, and stated that he did not do so because of monies loaned to her by him prior to her death; and

WHEREAS, the Chief of Police may revoke any permit when the business is conducted in an improper manner, and held hearings based on the above-stated facts regarding Mr. Rancatore's permits; and

WHEREAS, at said Chief's Hearing, the Chief recommended that Mr. Rancatore's permits not be revoked, but that Mr. Rancatore be placed on one (1) years probation and any violations within that time will lead to revocation of his permits; therefore be it

RESOLVED, that the Police Commission concurs with the Chief's recommendation in that Mr. Rancatore's permits not be revoked, but that he be placed on one years probation and any violations within that time shall lead to revocation of his permits.

AUTHORIZING THE SAN FRANCISCO POLICE DEPARTMENT
TO ACCEPT A GIFT FROM MR. ROBERT LURIE AND THE
SAN FRANCISCO GIANTS OF A HORSE AND NECESSARY
OUTFITTING EQUIPMENT OF A VALUE OF APPROXIMATELY
THREE THOUSAND (\$3,000.00) DOLLARS

Sergeant Owen Kenny appeared on behalf of this matter and stated that around April of this year, the Giants Baseball Organization President, Mr. Robert Lurie, noticed the San Francisco Police Department's horses out in the parking lot at Candlestick Park. He said the horses were so well received and Mr. Lurie knowing the Department's plight with current budget restrictions, offered to purchase, fully equipped, a horse for the Department's Mounted Unit. He said under the auspices of the Chief of Police he (Sergeant Kenny) located a horse suitable for the units needs. Because of the large amount of the purchase it has to also be approved by the Board of Supervisors, after approval by the Commission.

The Commission then adopted the following resolution:

ACCEPT A GIFT FROM MR. ROBERT LURIE AND THE SAN FRAN-

WHEREAS, this civic minded gesture will provide needed assistance in the protection of life and property in San Francisco; and

WHEREAS, Section 10.116 of the San Francisco Administrative Code allows for the acceptance of gifts by the department head of only those gifts to the City and County of San Francisco of a value of One Thousand (\$1,000) Dollars or less; and

WHEREAS, the generous gift from Mr. Lurie and the San Francisco Giants will be of a value of approximately Three Thousand (\$3,000.00) Dollars; now, therefore be it

POLICE COMMISSION REPORT

Commissioner Murphy stated that she wanted to make sure that a proper press release is distributed regarding \$25,000 to be given to Project Safe by Chevron, U.S.A., and that they are given full credit for this donation. She said that there will be, at next week's Commission Meeting, a little ceremony accepting this donation and it should be placed on the Commission Agenda for presentation at 1730 hours.

Commissioner Sanchez noted at this time that Supervisor Ella Hutch had entered the Hearing Room and, because of her presence, called for item #6 on the Agenda.

SUPERVISOR ELLA HILL HUTCH TO MAKE PRESENTATION OF LETTERS OF COMMENDATION FROM THE BOARD OF SUPERVISORS TO THREE POLICE OFFICERS AND TWO EMERGENCY MEDICAL SERVICES PARAMEDICS.

Supervisor Ella Hill Hutch: "Good afternoon, I am indeed honored and privileged to be here this afternoon. And to the President of the Commission, distinguished Commissioners, the Chief of Police and to those brave gentlemen out there, I am really very pleased to be here because I believe it was May 12th as I was on my way home and I was driving in a westerly direction on Mission Street when at the corner of Mission and 6th Streets, I saw this ambulance that came to an immediate halt right at the corner. And I see what appeared to be cops and robbers in action. It was really exciting and it was like some kind of a mystery. So I stopped, because I knew immediately, something was happening. But an elderly gentleman had been assaulted at that corner and they were there by the time he was assaulted and I believe that they saved his life. There were two paramedics there and three of our police officer trainees. I think that that exemplifies the kind of services the people of San Francisco are being rendered today under our very able leadership, and I think it is a credit to our Commissioners, our Police Chief and to our Medical Services Staff. When I stopped, I believe it was paramedic Dutton I talked with, and I told him how happy I was to see this kind of thing take place and that they had demonstrated the kind and level of professionalism that we desire and I told them that I certainly was going to acknowledge it because I feel that whenever they perform services above and beyond they should be given this kind of recognition because that's encouraging."

The Supervisor then presented certificates from the Board of Supervisors to the following:

Mr. Robert Dutton, Emergency Medical Services,
Department of Public Health

Mr. Aaron Kaufman, whose certificate, as
stated by the Supervisor, read the
same as Mr. Duttons and also included
praise for their efforts in the cap-
ture of one of the 13 escaped pri-
soners from the County Jail earlier
this year.

Police Officers awarded were:

Police Officer Patrick Yick

Police Officer Stephen Moromoto

Police Officer Frank Lee

Chief Murphy then thanked Supervisor Hutch for
taking the time and effort from her busy schedule
to come down to the Commission Meeting. He said
it is a first for a member of the Board of Super-
visors to come and recognize officers for their
outstanding work in the Department. So, he said,
on behalf of the Department, thank you.

Commissioner Sanchez then stated that first of all
on behalf of the Police Commission that he would
like to echo the words of Chief Murphy. He said
that Supervisor Hutch has been in the forefront of
the law enforcement and medical services in this
city and all San Franciscans for outstanding work,
both for the medical units and for the police ser-
vices.

He then stated that last January there were
three outstanding nominations to the Police Com-
mission. He said Mayor Feinstein could not be pre-
sent this evening to give these plaques to those
Commissioners so he would like to have the honor
of having Supervisor Hutch present said plaques to
the three Commissioners this evening.

The Plaques were then presented to the Commissioners
as follows:

Vice President Jane McKaskle Murphy, Commissioner
Alfred J. Nelder, and Commissioner Jo Daly,

The Plaques, as read by Commissioner Sanchez stated
as follows:

THE CITY AND COUNTY OF SAN FRANCISCO

Chief Murphy stated that the only thing he wanted to report was an increase of armed, and strong armed robberies out in the Western Addition. There was a 127% increase last month over the previous month of last year. He said in response to that we have detailed the Crime Specific Task Force and Operations S out into the Western Addition. He said one reason for the large increase was probably due to the Hotel Strike and we had to drain off 120 officers to police the hotels and most of them had to come out of that area, but they are back in the area now working and, hopefully, in the next couple of weeks there will be a reduction.

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE POLICE COMMISSION ADOPT THE PROPOSED RESOLUTION TO ESTABLISH A DEPARTMENT LIMITED DUTY POLICY.

Sergeant Lawrence Gurnett, at the request of Commissioner Nelder, gave the Commission a report on this proposed policy. He said once this policy is approved it is their intention to publish an order out-

lining the new procedures. He said that would mean eventually educating the Sergeants, Patrolmen, etc., relative to the recording of injuries and timely investigations and then the return of certain members to limited duty from the outset of the injury. He said this is predicated upon the physicians returning them at that time. If and when the officers, he said, go into the disability aspect of it and are placed off duty, the Department will be in communications with the physicians through the Retirement Board, indicating what the Department's policy is on limited duty and the desire to have those officers returned as expeditiously as possible.

Commissioner Nelder stated that he thought that this policy was a long time coming. He said he thought that there were many types of injuries and illnesses that actually do not confine an officer to his home, or her home, and that it would be beneficial to the whole field of law enforcement in San Francisco to be able to utilize those persons that can actually work rather than take a hardnose policy and just indicate that because of a minor disablement that they are not able to work. He said to the Sergeant that he would assume that the Sergeant would be selective on this basis and that he would naturally investigate as to what the disabling injury, or illness, is of the officer, and then, depending upon his screening process, he would put that person back to work.

Commissioner Murphy then suggested some very helpful amendments to the policy which were agreed upon by the entire Commission and it was amended and adopted as follows:

STATUS REPORT RELATIVE TO THE IMPLEMENTATION OF A COMMUNITY SERVICES DIVISION.

Lieutenant Timothy Thorsen gave the Commission an overview as to what has been occurring toward the development of a Community Services Division. He

said three Ad Hoc Committee Meetings and four Community Meetings were held to discuss the concepts, goals and structure of the Community Services Division and Community Relations Unit. He said as a result of these meetings a general agreement was reached that the officer-in-charge of the Community Relations Unit should have Community Relations experience and confidence of the Community members and Police Department members. He said the Ad Hoc Committee will meet once more to formulate a final recommendation to the Chief as to the qualifications of the officer-in-charge of the Community Relations Units.

He said the final selection will be made by the Chief of Police. He said that meeting has been scheduled for Tuesday, September 2nd, and letters have gone out to all of the people whose names appear on the back of the written proposal the Commission now has in its possession.

The following-named persons also addressed the Commission on the proposal:

Mr. Julius Zamacona

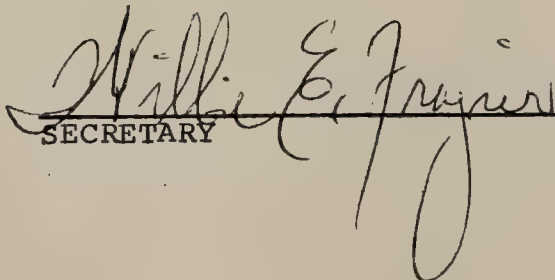

Mr. Rory Stark

Mrs. Geneva Everhart

Commissioner Sanchez then thanked those individuals, the Chief and Staff, for putting together what promises to be one of, if not the best, Police Community Relations Programs in the nation.

It was then scheduled to appear on the Commission Calendar of September 3, 1980 for final adoption.

The Commission then adjourned its meeting at 1850 hours.
